

Concentric Pipe & Tool Rentals

Concentric Pipe and Tool Rentals has served the oil and gas industry since 1972, having worked with virtually every company involved in remedial/workover, snubbing, and gravel/frac pack operations.

So, when it comes to critical deepwater completion jobs, companies will specify the consistent dependability of Concentric Pipe and Tool Rentals. Through a dedication to quality and service, Concentric has maintained a quality working relationship with all major, minor and independent well servicing and production companies.
